STRUCTURAL ENGINEERS

www.adroitconsultant.in

ADROIT CONSULTANT

Set up in 1999, is an Engineering Consultancy firm specializing in the structural design of all civil engineering applications. Since inception, Adroit has successfully executed the structural design of a host of civil engineering applications, ranging from school to IT building, Mall, Commercial Building to residential complex to water reservoirs (Underground & Overhead & Water Treatment Plant). The list is long and varied. We feel extremely humble to showcase a few of our projects below.

Our Strength

In Adroit, we are committed to 360 value engineering. In all our design, value is captured and enlarged through:

Consistent quality, innovation and cost-effectiveness

Structural analysis using latest 3-D FEM technology

Improved functionality and maximum space utilization

Eco-friendly, sustainable and energy efficient structure

Use of cost-efficient building material

On time delivery

List of Services Provided

- 1 Preparation of Concept Note
- 2 Detailed Structural Design and Detailing
- 3 Preparation of Sanction and Detailed Drawings
- 4 Preparation of Tender Document, Bill of Quantity and Technical Specification
- 5 Assistance in obtaining Statutory Clearance and Approvals
- 6 Bid Process Management
- 7 Periodic Site Supervision
- 8 Managing Project Handover and Contract Closure
